# AN APOLOGY TO F. C. PARKER, JR.

As a result of a joint meeting of the Citizens' Party and the People's Party Saturday, November 20, we—who represent some of the people—apologize to you, Mr. Parker, for the things we have done without your approval and or knowledge. We apologize for our POLITICAL INEXPERIENCE. We have never been in politics before.

We apologize: Our polls show that you will win this election by only a 10 to 1 majority. Our poll shows that the people in the City Limits want a change.

We did not know that most of the City Council was originally appointed by Mr. Bowen, and not elected by the people.

We did not know that two members of the Council threatened and promised to resign when you are elected.

We did not know that city vehicles, automobiles, equipment, etc., were serviced by one gasoline supplier who, rather than taking turns (which would be about every seventh turn) took every other turn.

We did not know that fuel oil for burning City trash and for operating City tractors, and that TIRES, BATTERIES, ACCESSORIES, etc., were all purchased from one councilman. American custom dictates equal opportunity for

all. After eight years the people want a change and we have six suitable, non-political personalities for this vacancy.

We did not know that the City buys its fertilizer for its flowers, plants and parks from only one man. We have six suitable, non-political personalities for this vacancy.

We did not know that Mr. Bowen refused to grant any City Charity.

We did not know that Mr. Bowen charged the local hospital some \$200.00 per month for City water and city sewage.

We apologize to the school teachers for not working harder, but we did not know that Mr. Bowen fought the school modernization issue of three years ago? Why?

We apologize to the National Guardsmen. We did not know that Mr. Bowen blocked all efforts to build an armory—for EIGHT YEARS. We did not know that now because it is election time, he approves the building and has had three men working on repairs for the past three weeks.

We did not know that this was a political issue. Will these men be working there after the election FRIDAY.

We apologize to members of City Council. We did not know that it was possible for fines and monies collected by the City to be lost or unaccounted for.

Again we apologize to you, Mr. Parker. We did not know that the W. A. Bowen Construction Co., Courtland Street, has the final bid on all industrial projects, buildings, repairs, painting and other improvements and that an architect is not allowed to inspect the work.

We thought that all merchants, wholesalers, carpenters, painters and plumbers all had an equal chance in these money-making projects. Is that the reason for Mr. Bowen's efforts to control the Bulloch County Development Commission?

Ignorant as we were in politics, we should have known that the W. A. Bowen Supply Co. could supply the City with its gas pipes, water pipes, sewer pipes, nails, lumber, paint and all the profit-making materials that go into the development of industries and sub-divisions. We felt that the merchants and people of the community had an equal opportunity to share in these profits.

We, representing some of the people, pledge our members to make a change this Friday, December 2, and to ELECT you, MR. F. C. PARKER, JR., OUR MAYOR.

## AFTER THE PEOPLE SEE THE FACTS,

## It is possible that you will win this Election

## By 20 to 1

## ELECT F. C. PARKER, JR. YOUR MAYOR FRIDAY

## Survey County School Program

In order for any county in the State of Georgia to participate in the School Building money or Capital Outlay money, it was necessary that each county have a school survey of building needs, curriculum needs and transportation needs.

The Bulloch County Board of Education has complied with all of this. The survey shows that we need a high school in Statesboro for whites and an elementary school for colored, some minor additions and repairs at Port and also two processing plants, one at Southeast Bulloch at Brooklet and one at Port or Statesboro.

The survey also showed what changes were needed to be made in our School Program as far as the curriculum was concerned. In our transportation survey it was shown that we need to cut off twelve (12) buses in all, — nine white and three colored. The white buses recommended to be cut off were one at Stilton, one at Brooklet, four at Statesboro, one at Port, one at Rogers, and one at Nevils. The colored buses recommended to be cut off were one at Statesboro, one at Willow Hill and one at New Hope. This simply means that according to the State, all children living within one and one-half miles of the school house by the way the plane flies, must walk; and also those living within a half mile of the truck line must walk.

In order to comply with the State School Building money, each county must follow the recommendations of the State in this survey.

It is impossible to carry out this program at one time. So, we will begin as of January, when school starts back after Christmas, and work out. This simply means that all school children within the city limits of Statesboro will walk to school except a small group of high school children who live beyond the mile and a half. As soon as this has been put into effect in Statesboro, we will then move out in the rural areas.

Inasmuch as the State has drawn the line in saying that all children living within one and one-half miles of the school house and one-half mile of the truck line must walk, then it will be impossible to use school buses owned by the Bulloch County Board of Education for any purpose other than hauling children back and to from school and for an educational trip which grows out of the schools instructional program.

H. P. Womack, Superintendent; Leffler Akins, Director of Transportation.

**TO THE VOTERS OF STATESBORO:**

Thank you from the bottom of my heart for the demonstration of confidence in me which was expressed at the polls on December 2nd.

I am humbly grateful that the people of Statesboro have shown by their vote that they do not condemn the type campaign which was waged against me. The vicious charges hurled against me, and against the council, are simply not true, but were manufactured for lack of any constructive issues on which to base a campaign.

On behalf of the City Council and myself, I would like to express our appreciation for your endorsement of our program of progress which has brought Statesboro to a position second to none in the southeast, and to pledge to you our continued efforts to keep Statesboro on the move forward I thank you.

Sincerely,  
W. A. Bowen, Mayor,  
City of Statesboro.

OVER HALF CENTURY OF SERVICE WHERE NEEDED THURSDAY, DEC. 8, 1960

## Christmas Preparations

This year Christmas and Thanksgiving were separated by more than a month; even so, in many communities, the Christmas decorations went up before Thanksgiving.

Statesboro was one of these communities. We observed Thanksgiving with Christmas decorations on the streets and in some stores. Yet Thanksgiving this year came as early as it can ever come, on the 24th of November.

It is easy to criticize, of course, and there are sincere differences of opinion on the question but one cannot help wondering whether all this early concentration on Christmas has anything to do with the real meaning and spirit of Christmas.

Or is it pure and simple manifestation of the commercialization of Christmas. Certainly the annual major holiday of the Christian world is over-

## On New Industry

Communities in every part of the country are aggressively seeking new industry these days. This is part of a trend which has continued ever since World War II—and it features the establishment of large manufacturing plants in small communities in every part of the United States.

The president of the largest firm choosing new sites for moving of new industry was recently quoted by a national magazine. He said, among other things, that the Deep South was outstripping every other section of the country—in its bid for industry.

Perhaps this is because the Deep South needs it more than other sections. Perhaps it is because of other reasons. Whatever the reasons, the Mid-

## The Economy Of The Sixties

Although many economic experts say we are in a recession, which began in June, and while it seems to be true, the outlook for the sixties should be good.

This is true because of the huge increase in homes expected in the 1960's. The war boom in babies, which occurred in the early forties, and carried through into the late forties, will be heavily felt in the sixties.

Marriages will set records and each family will need appliances, possibly automobiles and all the things which make up the average American family household. For this reason, then, there should be a tremendous demand in the next three or four years, and the economy should expand greatly.

THURSDAY, DECEMBER 8

Read Isaiah 61:1-3; Matt. 1:18-23

"He will come to Zion as Redeemer." (Isaiah 59:20, RSV).

From Isaiah to Joel—a span of several centuries—voices of the prophets were raised with one accord in the interest of Israel's deliverance. At first, as the chosen people of God, Israel was to bring the nations to Him. Then, as the experience of the centuries mounted, it became clear that Israel herself was in need of deliverance from the enemies and sins.

Gradually, persistently, the idea and feeling grew that Israel's deliverance would come in the form of a Messiah. He would save His people and raise their hopes as a nation.

Many offices were ascribed to Him by the prophets: Shepherd, King, Man of Peace, Suffering Servant.

None fitted Him so well and came as near to His real office as that of Redeemer. The visitor, shocked Joseph into rapt attention with the words, "Thou shalt call his name Jesus: for he shall save his people from their sins." Today, if we will listen and heed, He becomes our Saviour.

PRAYER:

Our Father, we thank Thee for the coming of Jesus. We are glad He came as a little child, thus teaching us humility and trust. We rejoice that He came as the Saviour, to teach us the way of forgiveness. Help us to accept Him in sincerity. We pray in His name. Amen.

THOUGHT FOR THE DAY

Jesus, the child of Bethlehem, is Christ, my Saviour.
